

Portrait Workshop

1st to 3rd of June 2018

I Would like to thank everybody who participated in this workshop. It was a very successful workshop where everybody had an open mind and a keen eye to master challenging tasks. Thank you for an amazing art weekend together. You were great!

Below are some comments from the participants.

Thank you ever so much for an absolutely amazing workshop. You managed to make us all feel so welcome and comfortable in your studio and then took us on a creative journey beyond expectations. Your artistic knowledge and patience in sharing it with us was so genuine and generous that I just wanted to let you know how much I appreciated and enjoyed it.

Hilary

I wanted to join your workshop for so long and every time the dates coincided with me going away or something....

I was so fortunate and grateful that I was able to join your workshop this time.

Although I have attended your classes in the past I always loved and enjoyed your teachings.

I thank you for sharing your valuable knowledge with us and teaching me to master the eye for detail which I so enjoyed..... Thank you.

Riva

I have always loved drawing in graphite, but this is the first time I have been shown how to do so correctly. I thoroughly enjoyed the whole weekend at your lovely home and studio, what a perfect setting for a weekend of art. Thank you for the huge effort you put into making your workshop so successful and informative. For so generously sharing your knowledge on how to achieve all the many nuances and depths of form which I would never have thought possible from a simple pencil!

Pat

I just wanted to thank you so much for the wonderful, enlightening course we had this last weekend. I came to it with no pre-conceived ideas and left with a real sense of being able to handle the work of portrait's. Once again, thank you, it was a great experience.

Owen

Thank you so much for a wonderful workshop I had such a lovely time.

Margo

Thank you a million times for the best workshop I have ever done!! Your teaching of the theory of values, proportion and measurement were like a very long ahaah moment. I found it very challenging, specially the difficult angle of that nose but thanks for the compliment and all your input! I also found it ideal to have it over three days and know one can go back in the morning and so enjoyed the group of people and the diversity it brings.

Louise

Thank you for the superb week end workshop!

The techniques that you taught us have really shown me how to take my drawing forward, and I am looking forward to exploring further. Thank you.

Celia

Thank you for a wonderful weekend.

Good food, good company, good drawing, all in a special place.

Jacqui
